Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Monday 27 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Unsettled, turning milder.

This Evening and Tonight:
Clear spells across northern Scotland will allow a frost. Milder and cloudier elsewhere with rain or drizzle affecting most parts at times. Turning windy in the south with coastal gales later.

Tuesday:
Rain or showers moving eastwards across many parts, easing from the west during the afternoon. Windy in the south with coastal gales. Colder but sunnier for northern and western Scotland.

Outlook for Wednesday to Friday:
Generally changeable, with spells of wet and windy weather, but also some drier and brighter interludes. Persistent, heavy rain for western hills at times. Very mild, especially in the south.
